Baurjan Safi

(503) 501-9033 baurjan.safi@gmail.com https://baursafi.github.io/

Results-driven Data Scientist with over 8 years of experience in healthcare analytics, corporate financial management, and general management. Proven track record of scaling AI-driven clinical solutions, driving operational efficiencies, and delivering actionable insights for high-growth startups.

SKILLS:

Programming Languages
SQL, Python (scikit-learn, pandas, numpy, TensorFlow, PyTorch)
Big Data: Spark(SQL, ML)

Adjacent Technologies
Data Management Systems:
MS SQL, Postgres, MySQL,
BI Tools:
Tableau, Power BI, Qlik

Other Technologies:
8+ years of financial analytics,
Business modelling,
Price/Cost structure modeling
Project management

PROFESSIONAL EXPERIENCE

Medzown San Francisco, CA
Senior Data Scientist 01/2026 – current

- Engineered a clinically informed member stratification algorithm for targeted outreach, boosting engagement success by over 50%.
- Deployed AI-powered scaling tools for clinical trial preselection, cutting manual evaluation time by 50%.
- Spearheaded the establishment of core analytics infrastructure, delivering comprehensive ROI, operational, and clinical performance reporting.

Accolade, Inc / acquired by Transcarent San Francisco, CA
Senior Manager, Clinical Intelligence and Analytics 09/2022 – 12/2025

- Validated the clinical risk model
- Completed 3 comprehensive intervention analyses
- Developed logic for 6 clinical performance guarantees
- Set methodology for propensity matching for the outcomes analysis
- Built an AI assisted tool that shortened clinical audit data preparation from hours to 7 minutes pp.

Somatus, Inc Reston, VA
Senior Data Scientist 04/2018 – 09/2022

- Developed and maintained ML model to predict the risk of inpatient hospitalizations
- Trained a functional neural network to estimate the risk of developing a set of chronic conditions.
- Supported Financial team by recreating the logic of the risk adjustment factors model (originally created by Commission for Medicare and Medicaid Services.
- Supported Analytical team (created and formalized logic for clinical metrics and utilization analysis).

General Assembly Washington DC
Instructor Associate 04/2018 – 12/2019

- Booz Allen Data Science 5K challenge DC campus Wave2-7 (overall about 120 students)
- Waves 2 - 6 - assisted in Data Science Fundamentals course that included 20 hours of active interaction with students on the topics of linear, logistic regression coefficients and their meaning. Explained theory and practice of supervised and unsupervised machine learning.
- Wave 7 (2019) - assisted in Data Analytics and Visualization course. Helped students apply their

knowledge in working with Postgresql databases, ERDs, data visualization in Tableau, and basics of Python.

- The average student appraisal is 4.5 out of 5.

General Assembly Washington DC
Full-time student at Data Science Immersive 06/2016 – 09/2016

ADDITIONAL EXPERIENCE

KTIB Holding Company Almaty, Kazakhstan
Regional Project Manager 08/2013 – 12/2014
Petrodata Kazakhstan Almaty, Kazakhstan
General Director 08/2011 – 07/2013
MaxCom Ltd Almaty, Kazakhstan
General Director 06/2009 – 04/2013
Petrodata Kazakhstan Almaty, Kazakhstan

Acting General Director / General Director 02/2005 – 06/2009
Finance Controller/Corporate Secretary 02/2005 – 11/2006
